Ms Bell:

I am contacting you to see if you have been able to talk with you people about EPA being able to use your cafeteria for a community meeting on the CES Environmental Cleanup Site (address: 4904 Griggs Rd). The date that we would like to use it is 11/20/14 from about 6:00 pm - 7:30/8:00pm. The media may want to attend and if you have a policy not to allow just let me know what that policy is.

Please let me know if this is a possibility.

Thanks

Gary Moore
